Sam Lee

Sam is a singer, promoter, teacher, researcher and confessed die-hard enthusiast of the folk arts. Swapping his many careers including visual artist, teacher of wilderness survival and performer on the burlesque cabaret circuit to work in folk music, he has become one of the current leading lights of the folk revival taking traditional song into a new direction and onto new platforms. Not just a singer, Sam is also the creative force behind The Magpie's Nest, which has been hailed as "the torch bearing folk club for the new generation".
